

SPONSORSHIP PROSPECTUS

COATINGS VISION 2022 >>>>>

16 - 18 MAY 2022 | HAMILTON

SPONSORSHIP INVITATION

We invite you to join us at the 2022 SCANZ Convention

We wish to welcome and thank you for your interest in sponsoring the 2022 Surface Coatings Association of New Zealand 58th Annual Convention.

As much as the future is still a great unknown, we feel secure enough to go ahead with the 2022 Convention. For many people, this will be the first opportunity to network with fellow industry people.

We are trying something a little different for our 58th Annual SCANZ Convention, and heading to the Novotel Tainui, right in the middle of Hamilton and next to the mighty Waikato River. We have never been there before, and we are not exactly sure why.

Hamilton is at the heart of the Golden Triangle - less than one and a half hours drive from Auckland, Tauranga and Rotorua. The Hamilton airport is only 15km away from the venue and has direct flights from Wellington and Christchurch.

This year's theme is Coatings Vision, and ask with all visions; we ask many questions:

- What is the 'vision' of coatings in the future?
- What has the past year taught us?
- What new technologies are available?
- How can coatings help in everyday life?
- What does sustainability look like in our industry?

We are confident that the friendly, personal nature of the SCANZ convention provides an excellent opportunity for sponsors to promote goods and services and market their organisation to a wide range of influential people throughout the Surface Coatings Industry.

Kind regards

Penny, David K, Eric & Donna
SCANZ Convention Committee

BENEFITS OF PARTICIPATION

In today's economic climate, sponsorship can leverage positive results when incorporated as a comprehensive and effective marketing plan. Consider the benefits your organisation can enjoy in supporting this convention:

Raise your organisation's profile amongst a professional, qualified target audience.

Gain recognition including acknowledgment and clear demonstration of your organisation's involvement, commitment and support for the surface coatings industry.

Gain valuable insights, information and exposure to the latest developments.

Inclusion in the integrated, professional marketing campaign with your logo included in all marketing material via email, the website, print, and in the Brushstrokes journal.

Utilise your own marketing team to work with the Organising Committee to ensure your satisfaction on all of the above.

MARKETING REACH

SCANZ has a full marketing programme set out to promote the convention.

TARGET MARKETS:

- SCANZ members
- New Zealand Paint Manufacturers
- Polymer, Printing ink and Adhesive industries
- Industry supporting service companies
- Tertiary Education Facilities
- Crown Research Facilities

MARKETING METHODOLOGY:

- SCANZ website
- Email campaign
- SCANZ Facebook Page
- SCANZ Linked In Page
- Direct Marketing
- Advertising in "Brushstrokes Journal"

CONVENTION FORMAT

Due to the postponement of the convention in 2020 and 2021, the 2022 convention has moved to the Monday - Wednesday format, which will hopefully work well.

The SCANZ Convention brings together researchers, chemists, salespeople, manufacturers and academics from throughout New Zealand (and hopefully Australia if the Trans-Tasman bubble opens), with approximately 80 - 100 delegates attending.

Technical papers will focus on the 'Coatings Vision' theme that will include topics on:

- new and emerging technologies
- sustainability
- research & development
- impacts of new regulations
- new materials and analytical test methods
- future ideas and concepts for our industry

As well as the more technical papers, we also look forward to more generic reports from some leading innovators and more topical talks on the impact of the past year on our industry.

Finally, we also have a fantastic social programme that allows for networking opportunities throughout the event, starting with the Welcome Function and Quiz Night on Monday, followed by our Convention Dinner on Tuesday night.
